#### A superlative family party to inaugurate the new Berger hall

With a superlative party for the staff and relatives of Berger held in the newly built production hall "In der Neuen Welt" the Berger family thanked their staff for their engagement and commitment. Marianne Berger, head of the marketing department, was pleased to announce that with around 2000 visitors, the party had exceeded all expectations. The presentation of the various apprenticeship programs and the opportunity to see the individual departments was met with great interest. The framework program featuring a tombola whose profits were donated to help finance a paediatric emergency ambulance, an auto show in which the products manufactured by Berger were showcased, a jumping castle, play mobile, a clown and a Berger quiz rounded off the day and were greatly enjoyed by young and old alike. The Engetried band entertained the guests with their sweeping sound.
